Reference: FEC Letter received February 5, 2007, pertaining to 30-Day Post-General
Report (10/19/2006 – 11/27/2006)

Dear Lauren:

This is in response to your letter dated January 30, 2007 referencing your review of the reports listed above. Upon receiving your letter I reviewed both Schedule A and the 48-hour contribution reports that were filed.

I was out of the country when the reporting period started for the 48-hour reports so I am stating the facts as they have been told to me by the assistant Treasurer, Danita Medeiros who filed the reports in my absence.

The first 48-hour report for the General 2006 election was filed on October 24, 2006. When this report was filed she believed that the report included contributions that were received and posted on that day and those contributions from the day before, October 23, 2006 as this was the date put in to start the report. Now we realize only contributions from the 23rd were included in the report leaving those posted on the 24th of October unreported on the 48-hour report. The report completed on October 26, 2006 is correct. The next report filed on October 30, 2006 failed the validation process and when she corrected what she believed to be the error she filed the report again and this time it passed. We now realize it was reported blank or with no contributors listed. The following reports filed on 10/31, 11/6 and 11/7 were all completed without omitting any contributions.
